Daniel Middleton Recommendation Letter

To Whom This May Concern,

My name is Mustafa Duran, and I am a CS college professor at North American University, also an instructor at Nucamp Coding Bootcamp. I am proud to recommend Daniel Middleton, whom I have known for 3 months as the student instructor at Nucamp.

During my relationship with Daniel, I have experienced an individual who shows up earlier than asked, works hard, and carries themselves in a polite, respectable manner. In addition, Daniel is a devout student who has always presented themselves with levelheadedness and grace.

During all my time as a Bootcamp instructor, Daniel Middleton was the brightest participant. His work is always far beyond expectations. His way of solving problems and offering alternative solutions was outstanding.

If you have any requests or questions do not hesitate to contact me.

Best,
